

## Example of today's common hurdles in program installations

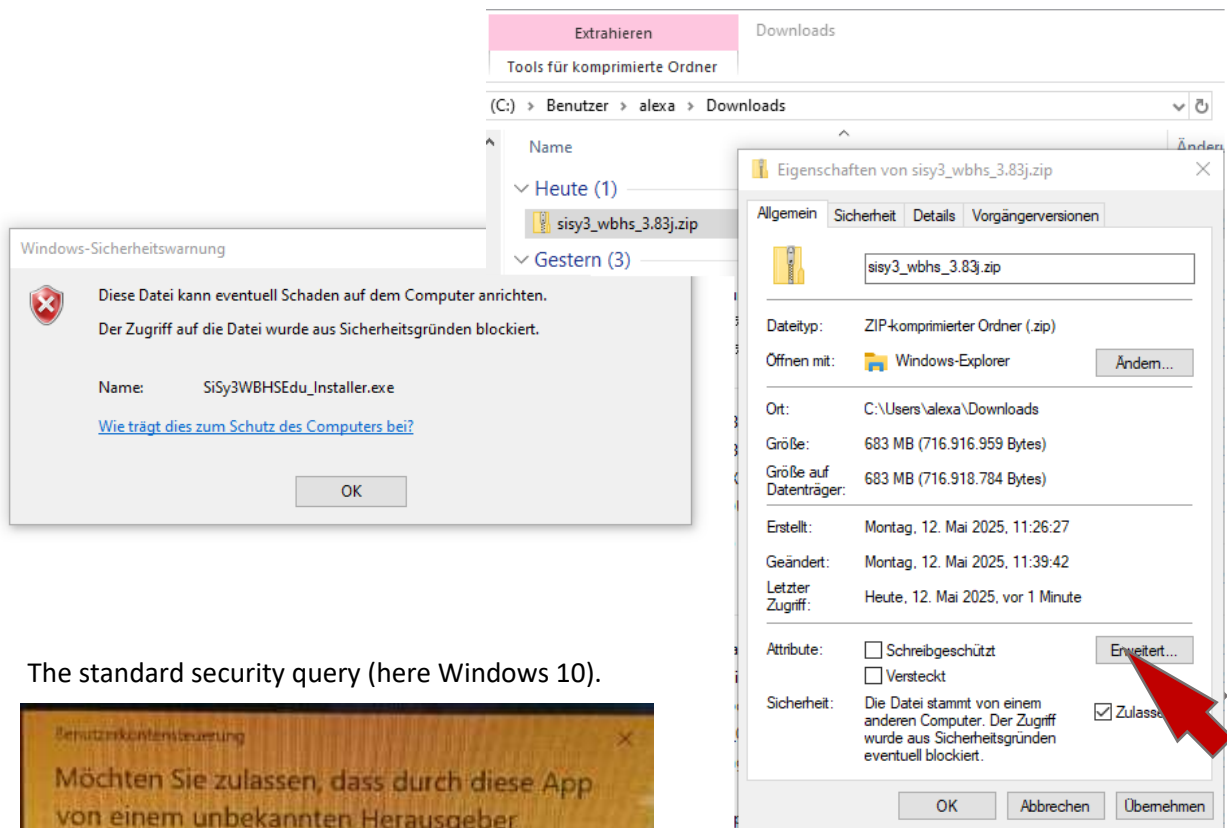

The browser refuses to download (in this case, Chrome).

After selecting "Keep," the download starts.

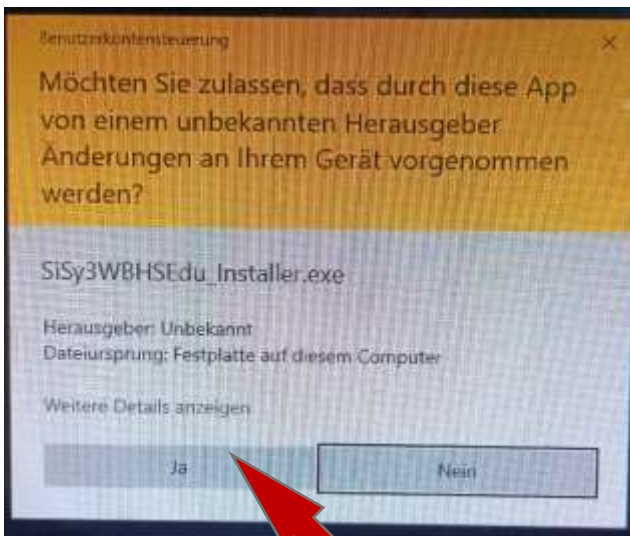

The operating system (here, Windows 10) is blocking the ZIP file from being extracted.

Mark the ZIP file as trusted (right-click/Properties/General/Allow).

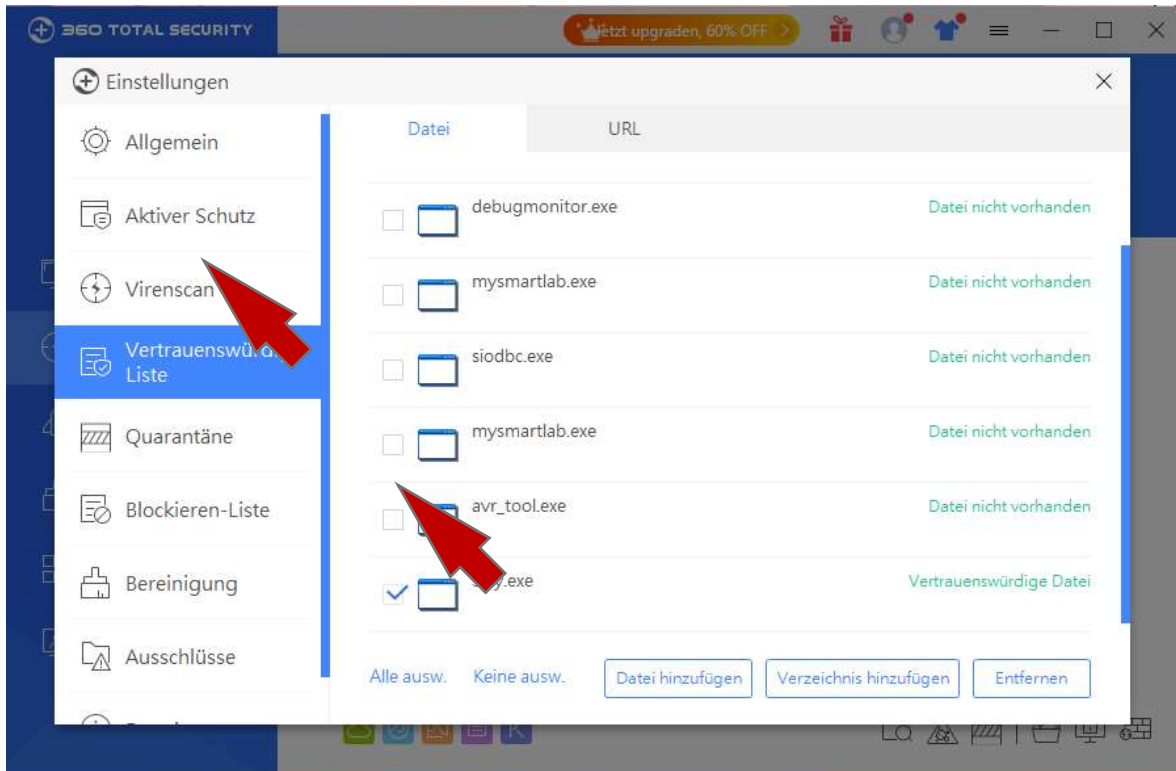

The standard security query (here Windows 10).

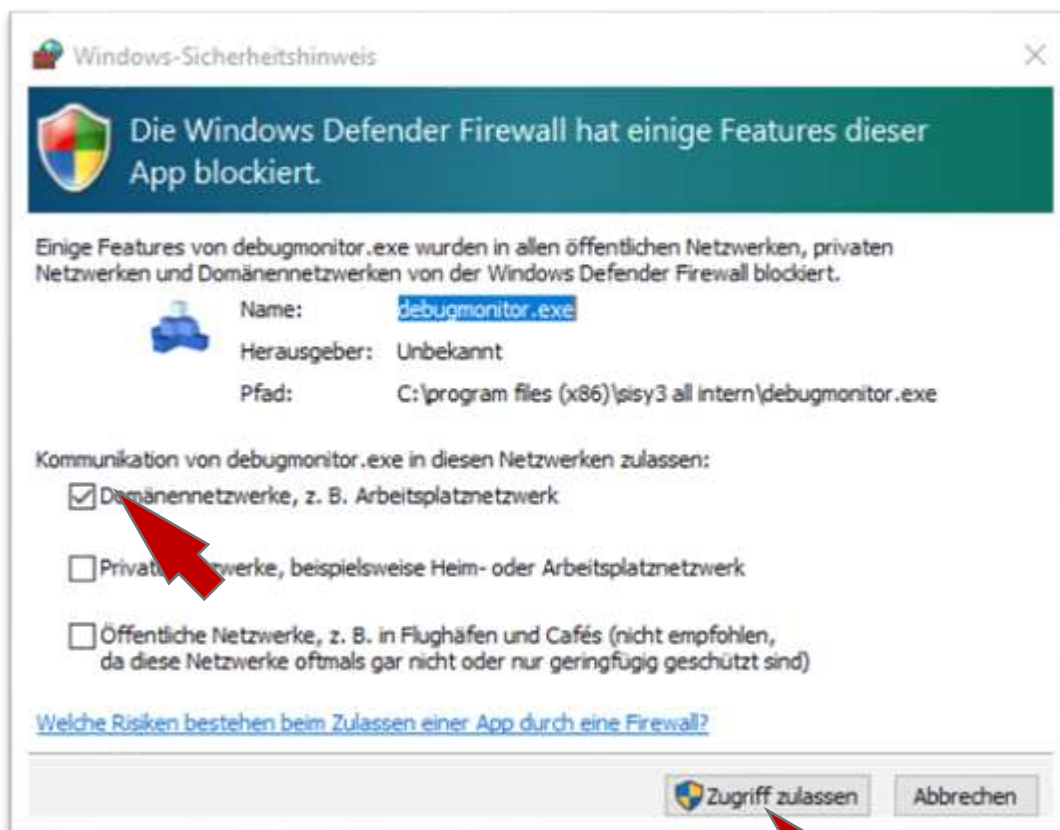

Allow the installation!

The virus scanner is blocking the installer or application (here, 360 Total Security). Add the application to the whitelist!

The firewall is blocking the application or parts of the application from accessing the Internet. Allow access!

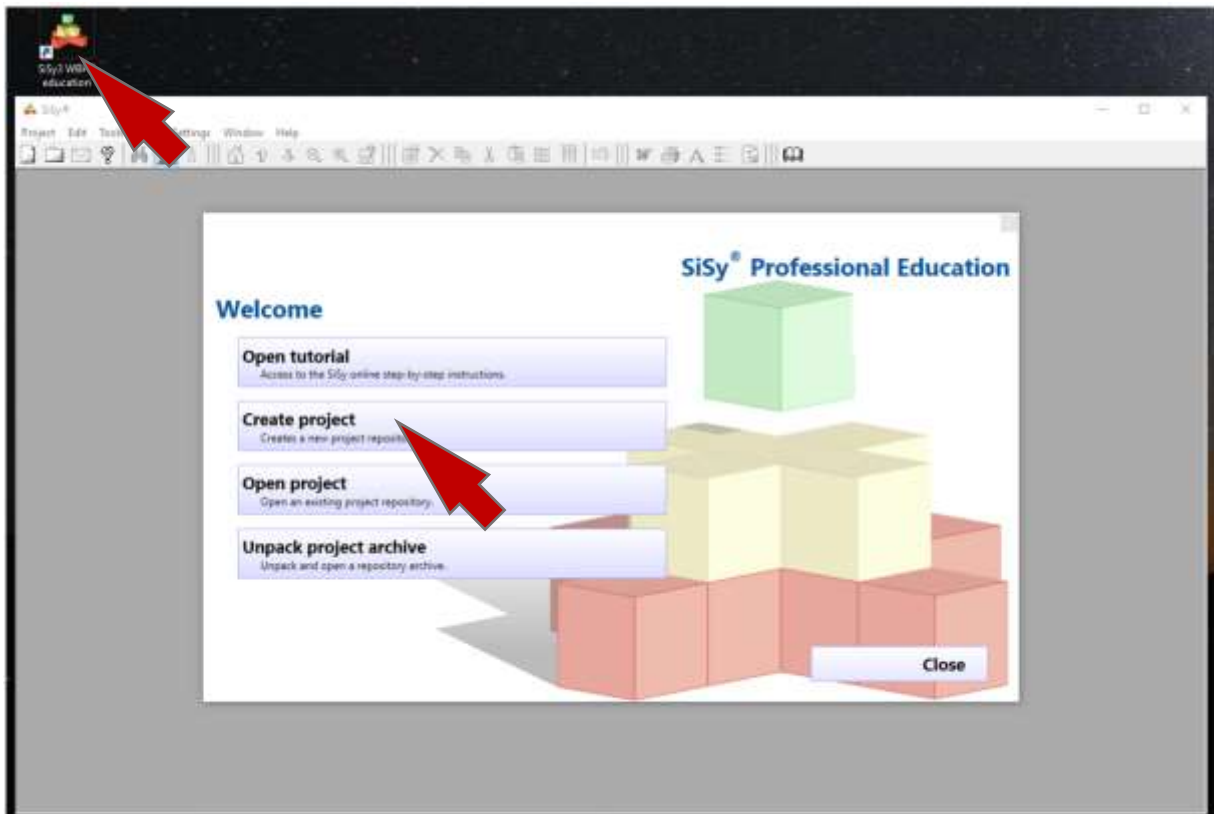

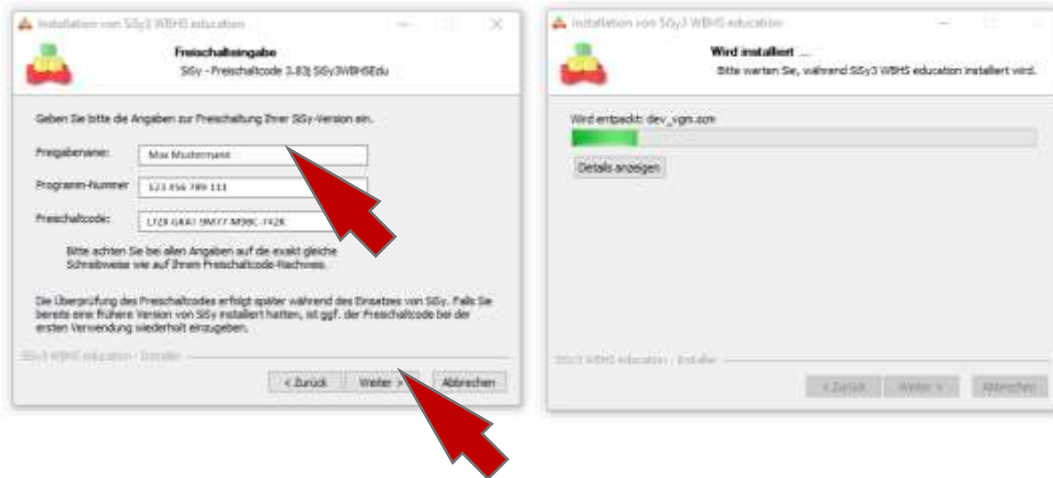

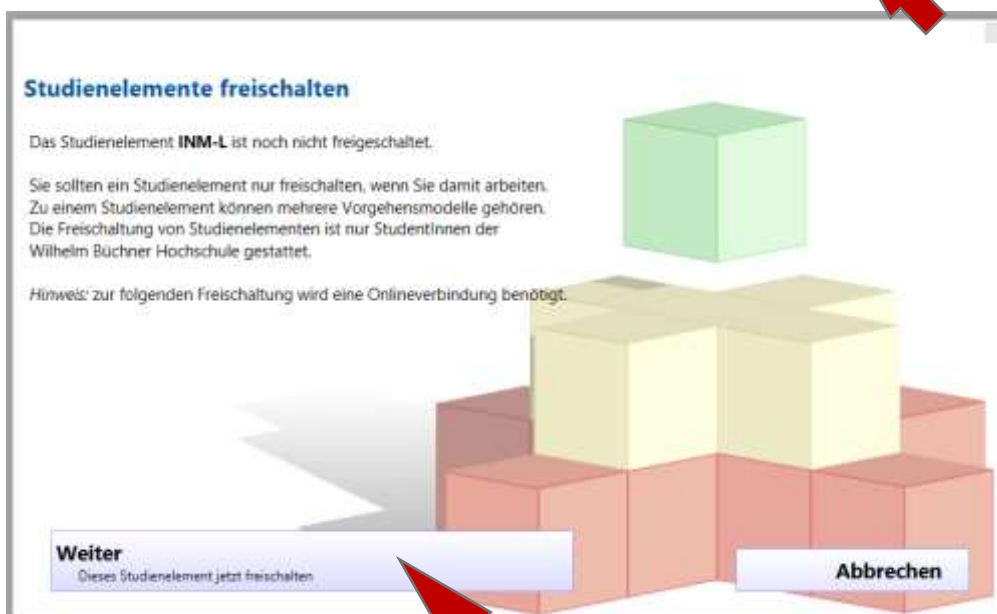

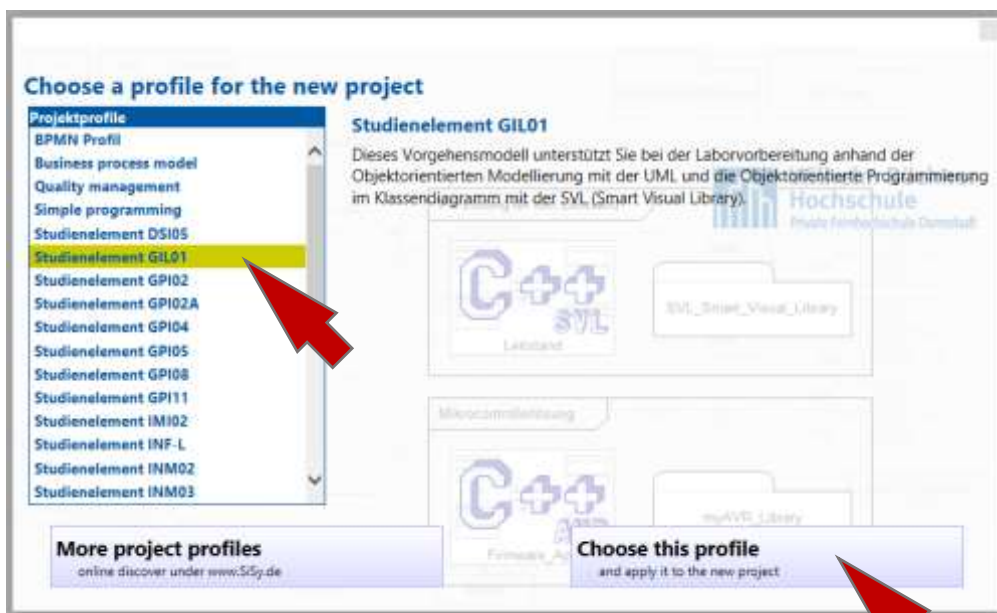

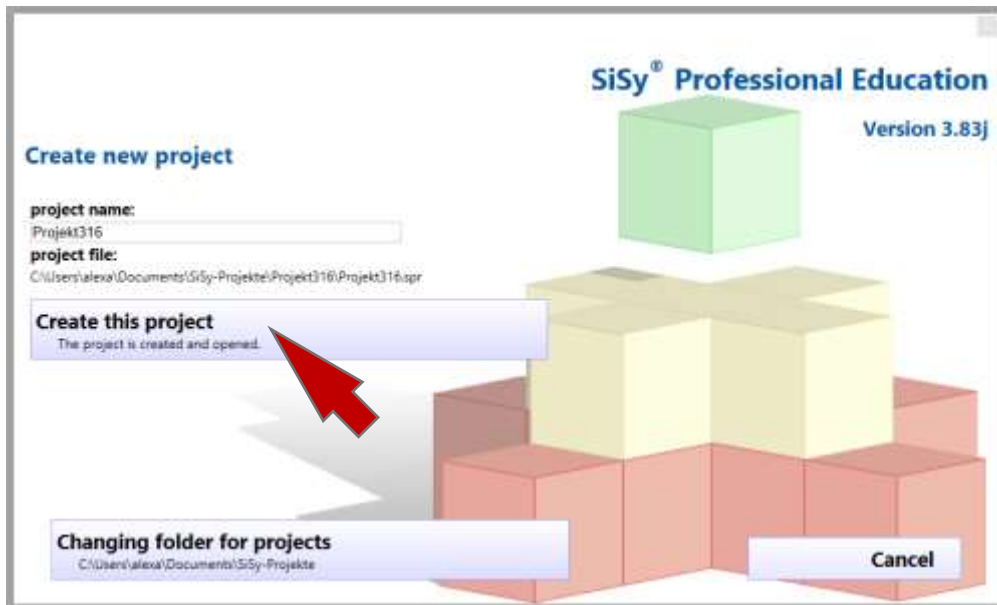

## Screen log of the installation

User Name: Max Mustermann

Program Number: 123 456 789 111

Activation Code: L7ZX-GKAT-9M77-M98C-742K

## Studienelemente freischalten

Hier erfolgt die Freischaltung von Studienelementen für den Studiengang/Kurs  
**Wirtschaftsingenieurwesen Erneuerbare Energien**

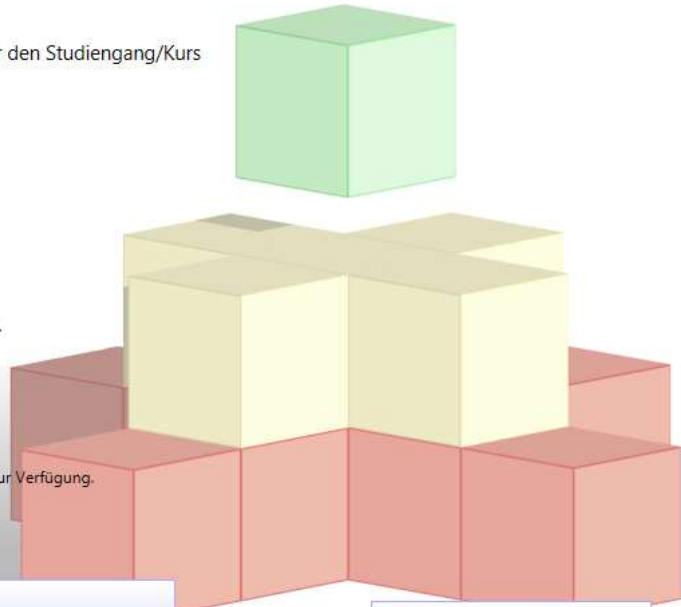

- INF-L** Einführungsprojekt INF-L
- GPI** Grundlagen der Programmierung
- SEI<sup>N</sup>** Software Engineering
- DSI<sup>N</sup>** Geschäftsprozessmodellierung
- IMI<sup>N</sup>** Informationsmanagement
- INM-L<sup>BF</sup>** Labor Programmieren INM-L

Wählen Sie die Module, die Sie jetzt freischalten wollen.

### Legende

- B = benötigt  
dieses Modul wird für die aktuelle Aktion benötigt.
- N = nicht verfügbar  
dieses Modul steht für Ihren Studiengang/Kurs nicht zur Verfügung.
- F = freigeschaltet  
dieses Modul ist bereits freigeschaltet.

**Weiter**

## Studienelemente freischalten

**Daten werden übertragen**

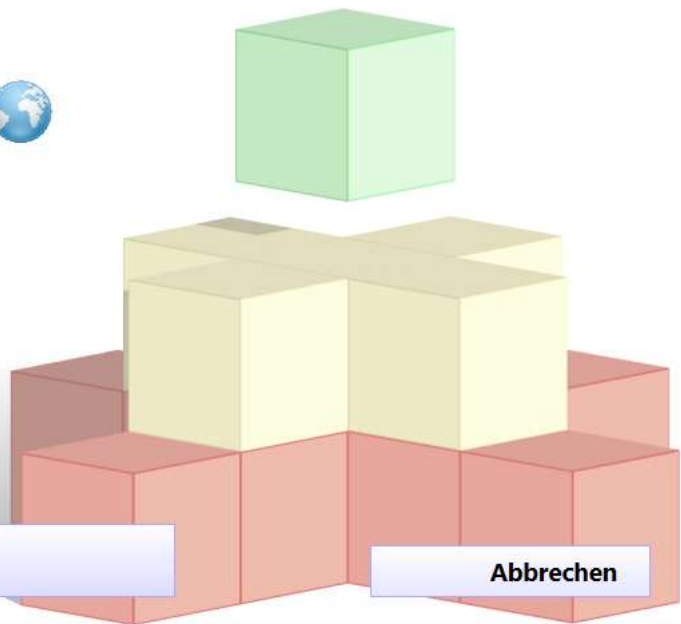

**Ok, Übertragung war erfolgreich**

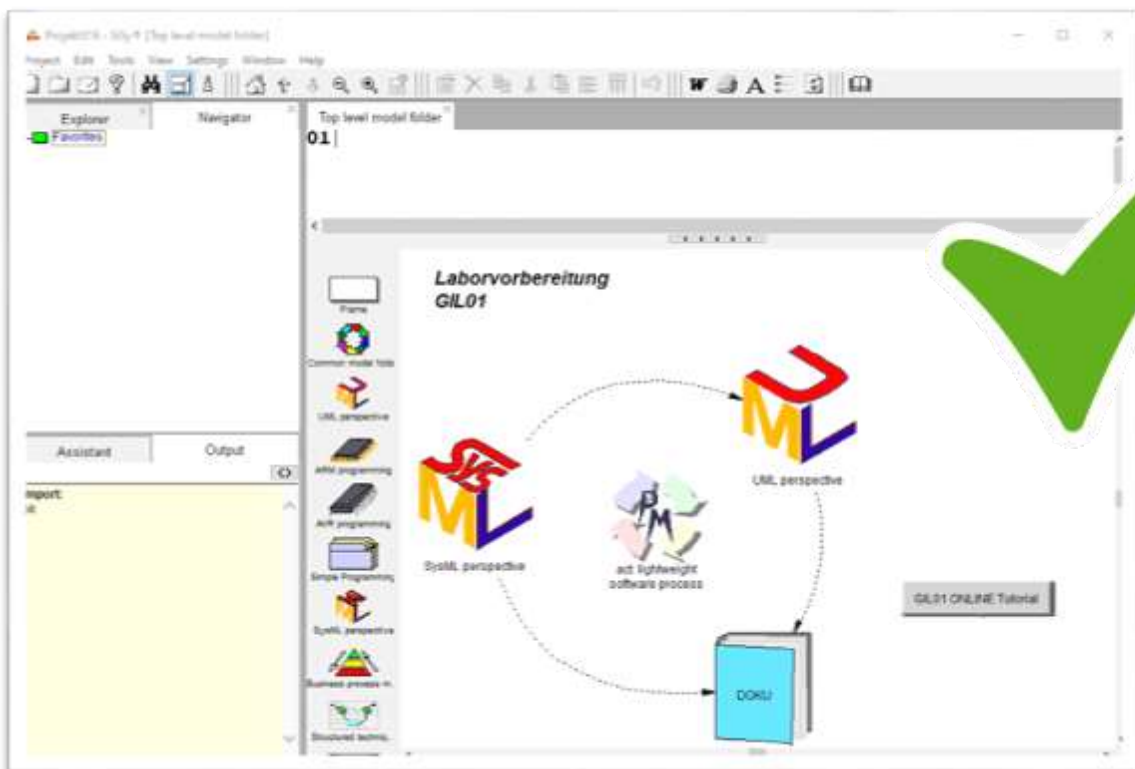

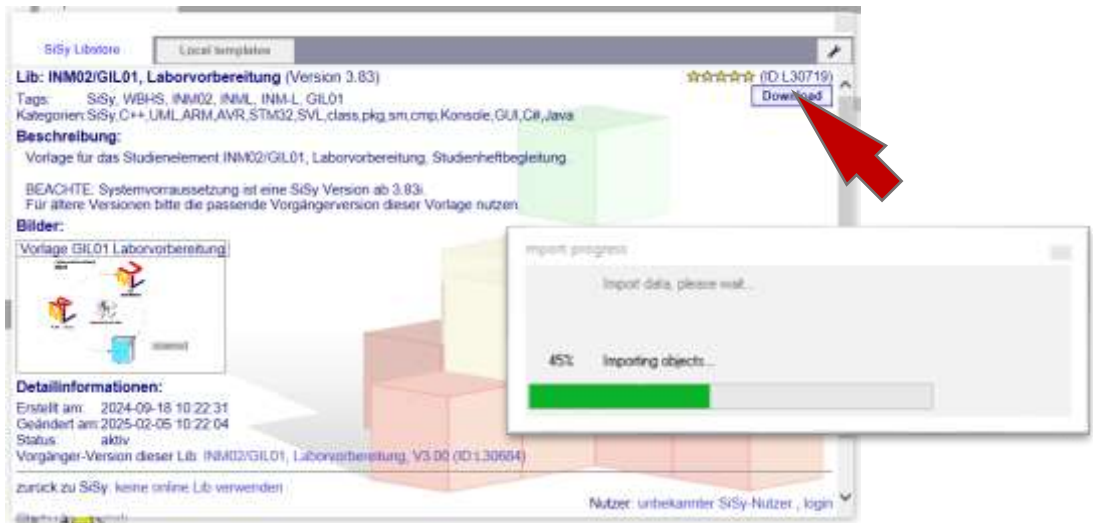

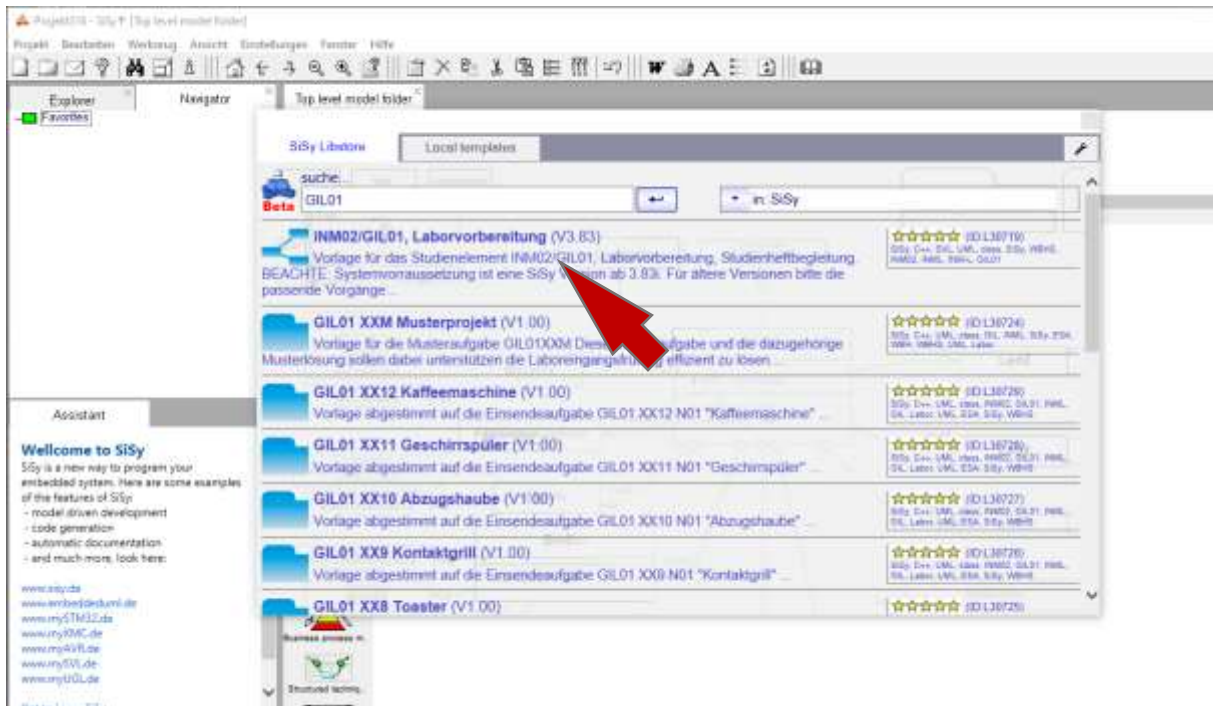

Folgende Module sind jetzt für Sie freigeschaltet:  
**INM-L**

**Fertig**

Schließt den Dialog.

**Abbrechen**

If the license data was entered incorrectly, you will be prompted to enter it again when you start SiSy. Please proceed as follows:

- Right-click the SiSy desktop icon
- Select "Run as administrator" from the context menu
- SiSy starts
- Create a new project
- SiSy will ask for the activation data
- Enter your activation data
